Gentlemen,

I am a member of RN Associates.

Approximately November 1, 1968, I received an urgent request to contribute more money to the Nixon campaign. I'm not sure, but I believe the added amount requested was \$500.00.

I assume that all RN Associates received this request.

On approximately November 1st, I wired \$500 to your office.

I'm delighted that I did. I'm sure all those who contributed collectively made the victory possible.

However, I received no acknowledgement that the added \$500 was received.

I'm not seeking thanks. The victory was thanks enough. But I would like confirmation, before I start throwing things at Western Union, that the added \$500 was received in your office.

Very truly yours,

Chuck Benedict
