MEMORANDUM

January 13, 1969

CONFIDENTIAL

TO: JIM KEOGH

FROM: BOB HALDEMAN

At RN's request, Pat Buchanan has contacted Tom Huston regarding his coming onto our staff, and we have requested an early release from the service for him in order to enable him to report for duty as soon as possible with us in the research and writing area. He will function as a general policy research assistant and also can help on some writing. I know that this procedure is irregular but, as I mentioned at the outset, it was done at RN's request and unfortunately we get some of those. His salary will be \$20,000, and his title should be Staff Assistant.

~~CONFIDENTIAL~~

TO: JOHN MITCHELL

FROM: BOB HALDEMAN

RN is disturbed that no one has apparently followed up on raising money during the transition per his instructions. It is his belief that Stans has stopped fund raising activities and therefore we have not added any funds other than those that have filtered in voluntarily. You will recall that he was anxious to use this period to bring in a large amount of money as a backlog for the '70 and '72 campaigns.

He is especially concerned about someone approaching Getty, because he understands that a very substantial contribution can now be had from that source. Specifically, he needs to know how a half to three-quarter million contribution can be handled at this time.

RE: ADVANCEMEN

I have been told by Ken Cole that it is both his and Bob Haldeman's recommendation that you give high priority to finding positions for the below-listed persons who were either advancements or who worked in the scheduling office in New York.

Listed below are two categories: (1) those who we feel have the highest capabilities and, therefore, the highest priority should be given to finding positions and (2) a second category for those who we feel we would like to find positions for, but with not as much concern in mind.

Category 1

Henry Hyde
Jeffrey Kimball
Larry Dunn
Dan Kingsley
Bill Castleman
Nick Ruwe
Jim Hamilton
Roy Goodearle
Ernest Minor
Vincent DeCain
Roger Barth

Category 1 Contd.

Charles Butler
Sam Culbertson
Charles Fagan
Michael Farrell
Boyd Gibbons
David Lindgren
John Ritterhoff
Tom Thawley
Spencer Schedler
Ronald Walker
Daryl Butcher
Henry Cashen
William Codus
Charles (Chick) Cudlip
William Cudlip
Tom Muer
George Pantos

In the above category, I think something is already in the works for Dan Kingsley and you should check with John Ehrlichman about Tom Muer, since I vaguely recall that he was headed for the National Security Council.

Category 2

Gene Johnson
Paul Shirley
John Carley
Bruce Jackson
Robert McCann
Herbert (Hub) Orr
Malcolm Roberts
Warren Ridge
Stuart White
William Hergenrother
Robert Philpot
Henry Berliner, Jr.

1/8/69

3.

To accomplish this task in the near future would, I assume, require the services of a full-time man and, from our conversation, I believe Bob Mardian is already working on this chore.

I am enclosing resumes of many of the people on this list as well as a list of all advancements and schedule office personnel, indicating in most cases home and business numbers so that Bob Haldeman can get to them more quickly.

MEMORANDUM

January 12, 1969

CONFIDENTIAL

TO: LEE DUBRIDGE
FROM: BOB HALDEMAN

It is extremely important that you consult from time to time with Louis Strauss on matters such as atomic energy and general science -- especially as you are considering appointments.

Obviously, you can't follow his advice on all matters, but he should not be allowed to feel that he is being completely ignored by the Nixon administration.

It would probably be a good idea for you to establish an immediate contact with him and talk over a few specific matters and then plan to maintain some sort of contact on a reasonably regular basis.

Sorry to burden you with this, but it is extremely important.

MEMO TO HALDEMAN

From Buchanan

January 6, 1968

I talked with Huston about the assignment and gave him the outlines. As for Salary it seems to me, and to him after talking it over, that a Lawyer, who graduated First in his Class, Phi Beta Kappa from Indiana, with his credentials, with his record of assisting RN for three years, and with his two additional years in a sensitive post in the Military Intelligence Agency, working with the Joint Chiefs should get in the neighborhood of \$20,000 per year. He is about 28 years old.

Also, wife and child. In addition, this salary seems commensurate with others on the White House staff, as well as being correct in terms of the title of the job he will have.

TO:

The Defense Department is making available to the key Nixon staff and Cabinet officers a Jet Star on 24 hour standby basis for use in commuting from Washington to New York and back.

Use of this plane should greatly facilitate your travels and eliminate some of the problems of commercial air transportation, during the crowded hours especially.

In order to take advantage of this service, if you want to use the plane, please notify Larry Higby or Doug Stephens in my office in New York or Colonel James D. Hughes, Military Aide to the President-elect in Washington. They will require one hour advance notice to make the aircraft ready and an additional hour to get it to New York for southbound requests. The aircraft will operate out of LaGuardia in New York and Andrews Air Force Base in Washington.

I urge that you take advantage of this service whenever you need it.
