Dear Mr. Maruyama:

Through John Ehrlichman, I saw the marvelous set of photos which you had taken during Vice President Nixon's trip to the Islands on August 4.

They were very impressive, and I wonder if I could impose on your kindness for another set of these shots for my own file. They bring back warm memories of our pleasant trip on that date.

Sincerely,

H. R. Haldeman

Dear John:

Enclosed is a set of snap shots taken during Pat and Dick Nixon's short trip to Hilo, Hawaii, on August 4, which please forward to the Vice President and Mrs. Nixon.

Even in Hilo, we are keeping close touch on the Nixon campaign, and although we were saddened on our candidates illness, we are happy that he is back in full swing on the campaign route. Press reports surely look very encouraging, but hope that the Nixon campaigners will not be overconfident. We should be running scared and keep fighting and we will win this election.

The opposition in Hawaii are having difficulties due to the cancellation of Jack's promised trip here, and we are very happy that Dick made that trip to all the islands.

Hope this finds you in best of health and that you are kept busy planning for victory, and please convey my best wishes to Pat and Dick and assure both that we will do our best to carry Hawaii for them.

Aloha,

Nobuo Maruyama

Withhold crowd estimate from press so that there can be no comparison with actual crowd.

Check carefully for feed back on speakers.

Check sun location at landing time of day so that it is not in speaker's face.

Place reporters where they can see and hear; preferably in front of platform.

Have number of people placed to build good will through the crowd.

Committee responsible for clean up after program

Cover entire procedure with blanket coverage insurance (fee is nominal)

Use of table of organization and responsibilities.

These are not all included - NOT all

Dear Bob:

Thanks very much for your note and the enclosed newspapers. I hate to even suggest such a thing, but would it be at all possible to get another complete file of the papers that you sent. I realize this is a terrible chore, but if you could do it without too much trouble, it would be greatly appreciated. Actually, all I need are the papers for the second, third and fourth. . . the ones prior to the visit, or the one copy we now have, will be sufficient.
